

Cedar Park High School PTSA

April 10, 2017

SCHOLARSHIP NEWS

CPHS PTSA is pleased to announce four scholarships that are available to graduating CPHS seniors in the class of 2017. First, there will be two general \$500 scholarships awarded to students who are "well-rounded, have a positive influence, and show characteristics that exemplify our school." Second, a generous donation has been made that allows the CPHS PTSA to assist in awarding two additional scholarships. One will be in the amount of \$3000 and one will be \$2000. Per the donor's request, these scholarships will be awarded to graduating CPHS female students attending an accredited university with a major in STEM (Science, Technology, Engineering, and Math). Information about the application requirements for these scholarships and approved STEM majors can be found [here](#). The deadline for applying for these is April 17, so hurry and get them in!

SPRING INCREASE AWARD

Thanks to you, our 250 CPHS PTSA members, we have received yet another state recognition! All we do is WIN!

The competition was fierce at this year's Timberwolf Adventure Race, held Saturday, April 1. A good time was had by all seven teams, but in the end there can only be one winner (top left photo). Thank you, Alex Allen and JP Reuter (top right photo), for all your hard work organizing the event.

Member
Spotlight

Each month in the Member Spotlight we introduce three current CPHS PTSA members: a teacher, a parent, and a student. This month we decided to forgo the Spotlight in order to provide more room for photos from the Timberwolf Adventure Race. Don't worry, though...this feature will be back next month. In fact, THE FIRST teacher member, parent member, and student member to email Kim Vidrine at goldirocks1970@yahoo.com will get to be in next month's newsletter as the last of this year's Spotlight Stars. Well, what are you waiting for?!
